## East Side/West Side

Sundays, September 19 – October 24 (No class October 3)

4:00 – 5:00 PM

This class requires experience beyond beginning East or West Coast Swing and proficiency at 6-count steps. Each week we will take your Jitterbug basics such as the left side pass, right side pass, tuck and turn, whip, and basket and build on them, learning various new patterns off those basic moves. We will also be concentrating on the lead and follow. By the end of the session, you will have stepped up your dancing skills and added various Jitterbug patterns to your dance repertoire. Your swing instructor is Gloria Medel.

## L.A. Hustle 1

Sundays, September 26 – October 24

5:00 – 6:00 PM

This is the beginning class that introduces everyone to the 3-count L.A. Hustle. It is NOT “Disco” or the “Saturday Night Fever” Hustle. L.A. Hustle is a smoother dance done at a slower tempo of music. Basic concepts of the dance are introduced to prepare everyone for subsequent classes. Taught by Rich Cooper and Judy Leslie.

## West Coast Swing 1 / 6-Count Patterns

Sundays, September 26 – October 24

6:00 – 7:00 PM

West Coast expands the student’s ability to swing dance to many different types of music, depending on the setting. West Coast Swing 1 focuses on the basic 6-count patterns: starter step, throw out, left and right side passes, underarm turn, push break (sugar push), and turning basic. Techniques will include foot positions, learning about the center and how to control it, good posture, and leads and follows. Taught by Rich Cooper and Judy Leslie.
